PISES is a community-owned, non-profit English medium school, designed primarily to serve the needs of the children aged 3-18 of the Pakistani community in Riyadh. The original school began with a single campus which now has been expanded to three different wings, i.e. Junior Wing, Girls' Wing & Boys' Wing with separate campuses, faculty and facilities. Throughout its history, the school has provided innovative education, which focuses on individual student needs. The school provides the most up-to-date teaching methodology and technology with practices that best support students' learning.
